[Market Press Release](#) – Sept 17, 2012 1:24 pm – Vatika Business Centre is proud to announce the launch of its 8th Business Centres at Vatika Triangle, Gurgaon. Marking the company's calculated move of presuming a review approach when facilitating the small business industry, this new venture is a part of the company's on-going strategy to provide Indian small businesses with the tools and amenities required for growing their businesses while focussing on their core activities.

Vatika Business Centre has taken another step towards becoming one of the best business solution providers for businesses of all sizes. This business centre is launched with an aim to provide a wide array of services that may range from providing office spaces of various sizes to meeting and training rooms along with wi-fi equipped communal areas and more.

Mr Sharad Loomba Chief operating officer VBC, said: "The most important factors that occupiers seek while acquiring office space include cost, location and flexibility, which is mainly appropriate in the current climate. Our business centres offers everything in a package besides boasting a team of highly trained staff who are always at the disposal of clients. Vatika Triangle is one such tremendous addition to our portfolio"

"It is a demonstration of our confidence and zeal to help growing businesses that we are opening new business centres despite the continued downturn in the market" commented Sharad loomba COO VBC. "We indeed understand the role of virtual and serviced offices in meeting workplace requirements of companies in today's business environment." Continued.....

About Vatika Business Centre

Vatika Business Centre has become one of the finest providers of high quality virtual and serviced office business solution. Besides Gurgaon, Vatika holds presence in some of the prominent cities of India like Bangalore, Pune, Hyderabad and Mumbai. It is the provision of cutting edge technology, flexibility to upsize or downsize besides affordable costing that has made VBC one of the most sought after Virtual and serviced office solution providers.
