

## GurgaonMoms Event Hosted at VBC

Posted by Gurgaon Moms | Apr 26, 2018 | Events, Slider | 0 | ★★★★★

An ordinary seeming woman with just the same pairs of hands, legs and eyes like you and me. Yet, she hears more than what is said; she observes more than what is shown. She, thus, is a superwoman, or we also call her a – ‘Mother’. Well, what is there that a mother can’t achieve? Setting the sails high, climbing the highest peaks, a mother today can achieve whatever she sets her eyes upon. Isn’t that why we see a surge of mom entrepreneurs or, as the genx would term it as – ‘mompreneurs’? There isn’t even one such field into which an Indian mother wouldn’t have embarked.

Encouraging all the mother’s to step out into this entrepreneurial world, GurgaonMoms started an initiative ‘*She Made It*’. This initiative called out to various mompreneurs who are excelling in their visions and efforts. Celebrating the same, our team along with the mentors hosted a ‘Mentoring Meet’ at the **Vatika Business Centre**, MG road. Coupled with the right team, holding a beautiful aim, this meet, too, was hosted at the perfect venue. And why not? We had always heard that Vatika Business Centre is known for their bankable premium services that are inclusive of fully furnished office spaces, co-working spaces, virtual offices, meeting rooms, and serviced offices in 17 prime locations of India! And, that’s not all! Some of their esteemed clients are Truecaller, Harley Davidson, The Hindu, and many more.

Gurgaon, these days, hardly has any sufficient car parking space and no wonder, every residential/office area is jam-packed! Thankfully, during our visit to their **business centre at MG Road**, the very first thing that took our hearts was the ample parking space. But, it didn't end there. Entering Vatika's premises gave us a feeling of luxury for their world-class interiors surely gave us a sneak-peek into their premium services. Speaking of services, it was another astonishing moment when we were welcomed with their warm, heartfelt hospitality services and 24\*7 professional business support! Although glancing through the lush interiors and distinct services, we were of the thought that any restaurant chains in the premises would have its prices absolutely hiked! But, to our surprise, we were served with scrumptious food from their sociable **cafeteria – 'Breathe'**, that too at very reasonable prices. And well, their hospitality services had not at all been subsidized and were absolutely at par with any premium hospitality chain. We were thus assured that any business/enterprise associating themselves with Vatika would indeed be well satisfied with all of their flexible, customizable services!

We came to know that they are soon launching another business **centre in BKC, Mumbai**, and we wish them all the luck! Having said that, upon encountering such a wonderful experience, we definitely would host many such other events at their business centers in the coming future.
